EDWARD BRAUN KILLED BY SON NEAR DIDSBURY

Boy Strikes Father Over the Head With Axe While Latter Beating His Mother.

ARRESTED TODAY ON CHARGE OF MURDER

Full Statement Given Police by Lad—Corroborated by Young Brother.

CALGARY, Alta., April 20—Deven built frantic by the heart-breaking cries of his mother who was slowly being beaten to death before his eyes, Harold Braun, aged 15 years, his father, Edward Franklin Braun, 41, struck them over the head with the blunt end of an axe, killing him almost instantly. The tragedy occurred on the Braun farm, 24 miles west of Didsbury, at 2.30 o'clock Sunday afternoon.

"He tried to kill momma and I pulled him off her," was the 15-year-old boy's simple statement to the police when questioned concerning the tragedy. The lad was removed to Didsbury where he was placed in the care of an uncle. He will be formally arrested tomorrow on a charge of murder and will be held in custody of his relatives pending the result of the inquest which will be held at Didsbury on Friday. In the meantime, provincial police and officials of the attorney-general's department will decide just how the case will be handled.

Told Story Very Freely

Young Braun, a sturdy, blue-eyed boy of 12, who apparently does not realize just what it is all about, told the story freely when questioned by police officers on their arrival at the farm.

"Father got angry during the morning and he made an awful fuss," said the boy, "and after that the day he got worse and started to fill the wagon up with all kinds of pieces of anything that happened to be lying around, shouting that he was going away and that he wasn't coming back. Mother tried to quiet us, him and me, but then he told me to harness up the team and hitch it to the wagon.

Mother Kicked

"He started to punch and kick mother and then she moaned and lay still. Father got her and lifted her so I picked up an axe when mother lifted her head and struck the head with it while he was down on his knees hitting mother. He started to get up after I hit him the first time, but I hit him twice in succession again and then he moaned and lay still. We tried to lift mother up, but she was unconscious and we decided to go a neighbor for help."

The story told by the young boy was corroborated by his nine-year-old brother in every detail.

DOESN'T EXPECT TO INCREASE DIVIDENDS

HOBOKEN, N.J., April 20.—E. H. Gary, chairman of the United States Steel Corporation, held out little hope of increasing dividends on the special distribution to stockholders, in addressing their annual meeting here today.

"The best interests of the stockholders," Mr. Gary said, in response to a suggestion that the corporation divide some of its $517,000,000 surplus with the shareholders, "is always protected by a conservative management, which in the present case is said to save the corporation from financial harm and distress, whatever business conditions may be and to meet every emergencies may arise.

"We have an undivided surplus on hand, $517,061,308. From this amount there has been invested in new properties $254,076,000, leaving a balance of net working assets of $262,996,062."

HAPPINESS DISTURBED BY CUP OF HOT TEA

VANCOUVER, B. C., April 20.—The domestic happiness of Maude Harding and Frank William Harding, whose she married December 1, 1911, at Winnipeg was disturbed by a cup of tea on one occasion when she was dining, and by a glass of cold water when she was slumbering on a couch during the small morning, according to the wife who has been granted an absolute decree of divorce here. She was awarded custody of two children.

FAILURE OF CONFERENCE CAUSES CONSTERNATION

GLACE BAY, N.S., April 20—The news of the failure of the miners' wage conference at Halifax was received with consternation and something like consternation. President Lewis' parting statement that he can see no means that international relief will be forthcoming and that the United Mine Workers as a whole is behind the miners of District 26 in their resistance to the demand for a wage cut.

A drive for funds for distressed miners has been started in Boston and the objective is $25,000.

NEW COACH STARTS

NELSON, B.C., April 20—The gasoline-propelled coach recently brought here by the C.P.R. starts into service on the Slocan branch April 23 giving a daily service between Slocan City and Canfield, with connections for Nelson. This is in addition to the six-weekly train service from Nelson to Slocan.

ASKING RELIEF FOR MINERS IN N.S. COAL FIELDS

Strong Appeal is Sent Out by Provisional Welfare Committee.

FOOD SUPPLY NOW AVAILABLE IS MEAGRE

28,000 Wholly Dependent on Relief From Outside Sources.

OTTAWA, April 20—(Canadian Press)—Impressed by further direct evidence of suffering and privation among the miners and their families in the collieries areas of Nova Scotia, officers of various Service and Welfare organizations have united in calling a conference on the situation, to meet in Ottawa, on April 27. A provisional committee has been established and this committee has appealed to organizations throughout the Dominion to immediately redouble their efforts to avert an impending and dreadful calamity.

Sent Message

The message sent out by the provisional committee states that:

"Indisputable evidence from various independent sources has reached the appalling distress in the colliery districts of Nova Scotia has reached a crisis demanding national action impels this provisional committee to call attention to the urgent need that be made in all centres to provide food and clothing for starving and destitute families.

"Forward eight thousand souls are wholly dependent on relief from outside sources. Available food supplies will not last much longer. Under the burden of the heroic endeavor to feed the part six weeks relief workers in the colliery areas are at the point of exhaustion."—Ottawa.

FEELING RUNS HIGH ON UNION QUESTION

CALGARY, April 20—Feeling is running very high in the east, especially in Ontario, on the church union question, according to Rev. Dr. Brown, of Detroit, who addressed the congregation of continuing Presbyterians here tonight, reporting on his recent trip to Toronto to attend a meeting of the Home Mission Board.

Commenting on the attitude of easterners on the question to that of the people of the west, Mr. Brown said:

"What amazes me is that so many people here have no rightful indignation to rise up and condemn the acts that have been done in the name of church union. I wondered at the amount of righteous indignation to be found in the east. Solidarity seems to be the great failing of the church."

It was decided to hold a Presbyterian meeting here Tuesday, April 28, when anti-unionists in the Presbyterian church will be addressed, and Medicine Hat will be invited to hold a similar meeting. Calgary has no that representatives of the three presbyteries might confer together.

WAHABI TRIBESMEN HAVE SOUGHT SHELTER

LONDON, April 20—Advices received in official quarters here today indicate that about 5,000 Arabian tribesmen who have been menacing Jedda on the Red Sea coast of Arabia, over where King Ali, of the Hedjaz, took refuge after having been driven from Mecca are pleading now for advance on El Wegh, a port 45 miles northeast of Jedda, half way between Jedda and Akaba, the head of the Red Sea. The intention of the tribesmen in this move is to cut the Hedjaz railway.

FARMERS REPORTED INJURED IN CYCLONE

BIELLA, Italy, April 20—A number of farmers were reported injured and dwellings collapsed as the result of a cyclone which struck Biella last night. Telegraph wires were blown down in the region here today.

Biella is in the province of Novra, 58 miles northeast of Turin.

JUDGE CONTENDS THAT LATE WAR CHEAPENS VALUE OF HUMAN LIFE

OTTAWA, April 20—"The war has cheapened the value of human life. If there was any way of establishing a comparison, I would say that human life today is not regarded as being 25 per cent as valuable as before the war. Consequently, when the value of human life decreases, property cheapens. People are 'broke' to get pleasure, and if they cannot get it by lawful means, will get it through unlawful ways."

So declared Judge Constantineau in county court today, in lecturing two young men previous to sentencing them each to one year in jail at hard labor. The two men, Alexander Prudhomme and Howard McDonald, were found guilty of assaulting Auguste Perrier, a lumber camp cook, here early in February, and robbing him of $13.

The judge commented on what he termed "a pleasure loving world." This, he said, could be seen in the large crowds at baseball games, in rinks and other places of amusement.

Lone Bandit Holds-Up Montreal Merchant Then Makes Escape

REACH NO DECISION ON DISCONTINUANCE

MONTREAL, April 20—In connection with the report issued by the Amos, Holden, McCready Company, Limited, had decided to discontinue operating the Canada Steamship, D. Lorne McGibbon, chairman of the board, said that no re-organization had as yet been arrived at and that action of any drastic nature toward liquidation or re-organization would not be taken until the situation and prospects of the company were more clearly were studied from every viewpoint.

Mr. McGibbon added that the company, since re-organization, had drastically cut down operating expenses and that the fleet had been laid up in order to meet the bond interest which falls due on May 1st next. SEEDING OPERATIONS ARE AT A STANDSTILL

LETHBRIDGE, Alta, April 20—Seeding operations in southern Alberta have been brought to a standstill by the heavy rain which swept the country from the north beginning about midnight Saturday evening. Reports reaching the city indicate that the rain extends from Vulcan to Coutts and from Bow Island to the Saskatchewan. The precipitation, in particular, is heavy in the Carston line where rain began at 9.30 p.m. and about half way between Jedda and Akaba, the head of the Red Sea. The intention of the tribesmen in this move is to cut the Hedjaz railway.

WILL CONTEST BYE-ELECTION

GRENFELL, Sask., April 20—(Special)—McPherson, Liberal, and Dr. C. M. Kingston, Conservative, both of Grand Forks, were nominated today to contest the provincial bye-election in the Grand Forks-Arcola-wood constituency next Saturday.

The vacancy was created through the death of Thomas Bard, the late Liberal member, who was killed in an explosion on a Kettle Valley train near Farron last January.

PRINCE MEETS CHIEFTAINS OF YORUBA STATE

Recalls Circumstances of Queen Victoria's Intervention to End Warfare.

VISITOR IS CHEERED BY MASSES OF NATIVES

Congratulated State of Yoruba on Rapid Political and Economic Development.

LAGOS, Nigeria, April 20.—The Prince of Wales, after having visited Ibadan, returned here this evening. Notwithstanding the somewhat tedious journey, the prince was in good condition physically. He alighted from the train at Metta station, three miles from here, where the crush of admirers was so great that the officials had the utmost difficulty in getting the automobiles of the royal party started.

Once however, the cars got in motion, they sped rapidly along the road to Lagos through seething masses of cheering natives.

At Ibadan today the native chiefs from all parts of the state of Yoruba gathered to greet the Prince of Wales. These cities, lithe and commanding, wore robes of gold cloth, studded like cages. As the entire suite before the prince, they were fanned by 12-year-old girls in robes of white silk. These chiefs are of ancient lineage and proud of their noble blood.

The prince, addressing the emirs, referred to the circumstances of Queen Victoria's intervention to end inter-tribal warfare in this region.

The prince's party included an exhilarating automobile drive over nearby hills and a visit to the mess of a Nigerian regiment.

The prince congratulated the Yoruba nation for its political and economic development and thanked the chiefs for their assistance in surveys and products, during the world war.

Receiving a guard of honor of a Nigerian regiment, the prince chatted with a native corporal who was blinded in the war.

SECRETARY SETTLES CLAIM OUT OF COURT

OTTAWA, April 20.—The claim of Mr. W. M. Trowern, who recently resigned as secretary of the Retail Merchants' Association, for $17,500 salary and for goods supplied for and delivered to the association, has been settled out of court, the full amount of the claim being paid to Mr. Trowern by the association.

The action was recently taken in the supreme court of Ontario and was for back salary and office furnishings and equipment which Mr. Trowern had purchased for the association.

HOME BANK APPEALS START THIS AFTERNOON

TORONTO, April 20.—It is now expected that the appeals of the Home Bank former directors against conviction on charges under the Bank act by Judge Coatsworth will commence tomorrow afternoon and not Monday as was the first divisional court, over which Chief Justice Sir William Mulock will preside. Colonel Clarence Smith, a Montreal director, will be the first one to have his appeal heard. This is believed followed in order named by the appeals of H. J. Harris, a Montreal and Montreal: J. F. M. REGINA, Sask., April 20—Dragged in front of the teeth of a 14-foot cultivator for several hundred yards when his eight-horse team jerked him from the seat, Earl Crawford, 23, of Broadview, was rushed to the Regina General hospital in a badly-cut and bruised condition.

PROTECTION OF FORESTS URGED

Premier King Opens "Save the Forest" Week—Resources Rapidly Depleting.

ADDRESS BROADCASTED

Greatest Single Factor in Assisting Canada to Favorable Trade Balance.

OTTAWA, April 20.—Reasons, sentimental and practical, for forest conservation in Canada were cited by Premier MacKenzie King, in an address broadcasted tonight from Ottawa at the opening of "Save the Forest" week.

"A few years ago," said the premier, "we were wont to refer to our forest resources as inexhaustible. I am thoroughly convinced that they have been largely due to the belief that they have been already very seriously depleted. Official estimates place our annual supplies at only two-fifths of our great neighbor's, the United States. We may well be proud of our magnificent trade in timber products with the United States, but this trade renders all the more serious the drain which our forest resources must withstand."

Protection Needed.

Protection from fire, reforestation and the application to cutting operations of the true principles of forestry would, however, guarantee to Canada "the great soft-wood storehouse of the world," the premier said. Forest products constituted over one-third of Canada's export to the United States, and the annual cut and scenic value of Canada's trees and their relation to the protection of natural and physical health for the community, made the battle with the fire demon should be waged by Canadians with the same energy and ferocity as Canadians showed in the great war.

SAILORS ARE LANDED AT CEIBA, HONDURAS

WASHINGTON, April 20.—A detachment of 16 officers and men from the United States cruiser Denver was landed today at Ceiba, Honduras, to protect foreign lives and property.

The landing was made at the request of George P. Walker, United States consul at Ceiba, following the authorities of the port, who joined the Honduran revolt, refused protection of the navy forces.

The revolutionary movement in Honduras appears to be headed again by General Ferrera, defeated candidate for the presidency of the country and leader of several revolutionary juntas in the past, already has placed a warship in the harbor in the vicinity of Ceiba and disorders along the Honduran border.

Local disorders in Ceiba also have been reported.

KING GEORGE TO VISIT PARIS ON WAY HOME

PARIS, April 20.—King George and Queen Mary of England will stop there a few hours Friday and have lunch with President Doumergue, on their trip across France by special train from the Mediterranean, King is now convalescing, the king so recently because of ill-health. HELD FOR FEDERAL GRAND JURY ON A CHARGE OF SMUGGLING

NIAGARA FALLS N.Y., April 20—Ernest H. Porter, 21, of Niagara Falls, Ont., owner and operator of a bus line that runs between the Canadian and United States falls cities, was held for the federal grand jury in $10,000 bail by United States Commissioner Louis F. Hall today on a charge of smuggling aliens into this country from Canada.

Porter was arrested last night by immigration inspectors after he is alleged to have smuggled two aliens across the lower steel arch bridge The aliens were secreted in a compartment built under the rear seat of the bus which Porter drove.

The men said they paid $20 each to be brought to this side of the border, and declared that Porter had workers in Toronto and Hamilton, Ont., who acted as lieutenants in rounding up aliens who wished to enter the United States.

SHAREHOLDERS ARE HEARD AT INVESTIGATION

Former Directors Also Give Evidence at Home Bank Hearing.

LATTER QUESTIONED ABOUT ATTENDANCE

Agreement Between United Grain Growers and Bank is Introduced.

WINNIPEG, April 20—(Canadian Press)—Evidence of three shareholders and three former directors of the Home Bank continued before the investigation by the Ontario commission in Winnipeg today. Hon. A. C. Craran, John Persse and John Kennedy were the directors and H. C. Scott, of Eden, R. E. Foster, of Melita, and Mrs. Dickie, of Crais, were the shareholders. The directors' evidence was practically upon their attendance at the executive meetings and their special reference to what they knew of the relations with C. A. Barnard, K.C., a large shareholder, in conducting negotiations for the purchase of the Banque Internationale de Commerce by the Home Bank. Messrs. Crerar and Kennedy had no recollection of attending a meeting where Barnard gave a statement or where his report was discussed. Their memory was very positive, however, that he heard Barnard at a meeting explaining his relations and especially did he recall Colonel Mason taking Barnard to task. Barnard had claimed as Perrse recalled it, that he had a set off against the account he owed the bank which was due for his services in acquiring the Banque Internationale for the Home Bank. He was not present at the meeting where the matter in dispute was settled.

Agreement Introduced

The agreement between the United Grain Growers with the Home Bank by which the former made sole agency in western Canada for the sale of stock was introduced and identified but the amount of stock the U.G.G. disposed of, the amount they paid for it and what they sold same for was not disclosed. The three shareholders were keenly interested in avoiding their liability. Mr. Scott, a pioneer farmer had paid in $1,000 when the bank was first received several small dividends but not enough to cover the amount of his holdings. Mr. Foss, the agent of the U.G.G. he swore he was told he would not be called upon to pay for his shares and that Powell also said the government would behind the bank and he could not lose. The application he signed was placed on the table and showed the usual terms of the double liability. He swore that he thought the Home Bank was based upon what the agent told him. Foss had paid for his share on which he had paid but thirteen dollars and received several small dividend cheques. He had written the bank in 1912 surrendering his share and asking that the money be taken from them until the liquidator notified him that he must pay for his share and his double liability.

Mrs. Dickie swore she had not signed application for her two shares. Her husband had signed her name to the application forms for dividends she had cashed. All three swore they never received notice of shareholders' meetings.

Some dozen witnesses are to be examined at Dauphin tomorrow and Moose Jaw Thursday. This will conclude the investigation in the commission left for the north today.

TELL DRAMATIC TALE NOCTURNAL BATTLE

RIVERHEAD, N.Y., April 20.—A dramatic battle in the darkness, fought between alleged bootleggers and hijackers, with liquor valued at $250,000 as the prize, and how five men, two of them wounded, knelt before their captors after the fight and begged for their lives, was told at the opening of an investigation into the prohibition situation on the border on Long Island at the Suffolk County court house today.

Federal Judge Frederick Bellinger, Brooklyn, presided over the inquiry.

MAKES NO COMMENT ON PAYMENT REPORT

TORONTO, April 20—Premier Ferguson declined to comment today in connection with the report that Aemilius Jarvis, K.C., had made arrangements with the Ontario government of his fine to the province and his sentence to Kingston.

"If the fine is paid in full it is a matter for the courts to deal with, and the province," stated the premier.

ECHOES OF WAR CONTROVERSIES RING IN HOUSE

Budget Debate Hears Sharpest Speech Delivered for Some Time.

LIBERAL MEMBER LEADS IN STRENUOUS ATTACK

Takes Criticisms by Sir Arthur Currie as the Basis of Remarks.

OTTAWA, April 20.—(By Canadian Press)—Echoes of war controversies echoed through the house today. J. Archambault, Liberal, Chambly-Vercheres, in a speech which was the sharpest the new British has been seen for some time, charged the Conservative party with administration" of the conservative war government, had added $400,000,000 to the national debt. Mr. Archambault took as the basis of his charge the criticisms of Sir Arthur Currie, commander-in-chief of the Canadian forces in France. He said Sir Arthur Currie's figure of $350,000,000 as the cost of sending "unnecessary men." He added the cost of the Hoss rifle, the criticized Oliver equipment and interest, making a total of $413,213,214, as the necessary expenditure during the war.

Mr. Archambault added $80,000,000 for the "useless" merchant marine, $134,643,000 for the war time tax free bonds; $10,000,000 paid for "worthless" Canadian Northern stock and, considering capital, reached his total of $452,856,624.

Conservatives sharply challenged Mr. Archambault's figures. Right Hon. Arthur Meighen, Conservative leader, said the money spent by the government of the day had absolutely saved the life of the first man that another could be secured. Mr. Meighen pressed that Mr. Archambault call the committee of inquiry into the Currie charges which Mr. Archambault asked for at the opening of the session.

Give Him a Chance.

"Give Sir Arthur a chance to establish it," said Mr. Meighen, in reference to Sir Arthur Currie's criticism of the Ross rifle. "I will be fair."

"In my right honorable friend prepared to say that what Sir Arthur Currie has stated is untrue," queried Mr. Archambault.

"No," replied Mr. Meighen, "it was a criticism of supplying the men with a rifle that was not the best and to supply them with and could not get any others, then it was unfair and unjustified."

Mr. Archambault's speech was to contradict charges made by Currie and subsequently, R. B. Hanson, Conservative, York-Sudbury, referred to the speech in connection with the campaign literature in Quebec. A Liberal organization, he said, had been responsible for the Ross rifle. With a view to economy, Mr. Hanson urged the appointment of a minister of labor, soldiers' civil re-establishment, the auditor general, and the secretary of state. If sessions were not too long, he would be willing to put down two hours for each of the thousand dollars. Mr. Hanson asked what justification there was for an $80,000 Canadian National cable plant in Moncton when people at small islands like Shelburne in Nova Brunswick shivered in unheated shelters.

Afternoon Session

OTTAWA, April 20.—(Canadian Press)—J. Archambault, Liberal, Chambly-Vercheres, speaking on the budget debate, said that some remarks this afternoon urged that the clause in the Special War Revenues Act which put a tax of 7½ per cent on all transfers of securities in the colonization of farm lands and should be either repealed or amended.

Mr. Robb's budget was received, said Mr. Archambault. One of the best features of the budget was that it pleased neither the manufacturers nor the agricultural interests. It was impossible to please everybody and the middle course had proved best.

The tariff board would go a long way toward clearing the situation, Mr. Archambault said that in 1911 he had favored reciprocity with the United States but now he was a protectionist. He did so today, but until it was equal to the tariff of the United States. Free trade was but a good first step and high protection was equally futile. The Progressives, if they came into power would never dare to apply free trade principles to Canada.

On the interest on the war debt said Mr. Archambault, was $135,000,000 annually, and the sinking fund $30,000,000 now. Had it not been for the bungles and mal-administration of the previous government, Canada would be paying $29,000,000 less interest on the war debt.

A Heavy Cost

Mr. Archambault stated that the Conservative administration had expended the amount of eighty million dollars on the Canadian Government Merchant Marine. Interest at 5.23 per cent on this amount, totalling $23,000,000, and the sinking fund of this extravagance was $13,713,856.

Canada had lost a total amount of $135,686,825 on account of its loss of bonds issued by the former government.

Mr. Archambault further declared that the Conservative government had paid ten million dollars on the Canadian Northern. Adding interest on this sum at 5.23 per cent the total cost to the country, he stated, was $23,808,187.

"Through the plunder and maladministration of the Liberal government," stated Mr. Archambault, "the province has partly been regarded by the previous governments with interest added, was $413,213,214."

Sorry members and the labor press had made attacks of a sectional, racial and religious nature. The

THRESHING IS BEING FINISHED AT MIRROR

(By Bulletin Correspondent)

MIRROR, Alta., April 13.—In several sections of the Mirror district where the last fall's threshing operations were cut short by the early snows, the threshing machines are again busy finishing up the fields of stooked grains. Although the yield has been somewhat depreciated by the depredations of rabbits and will fall low and considering the toughness of the straw, the grain remains through the machines better than was expected. There will be at least one week of this belated threshing before the outfits will be laid up for the next crop.

The work on the land is now general in the district and many acres of wheat have already been seeded. The land is in better shape this spring for the sprouting of the seed and the growth for another month than has been experienced in this district for several years. Appreciating the fact that this year might mean a golden opportunity for most of the farmers to put down all their debts and once more square up to the world, the acreage here will more than likely far exceed that of the past three or four years.

The winds of the past week have quickly dried up the roads throughout and settled with the result that nothing is left to tell the tale of the numerous snowdrifts the blocked heavy traffic during the past winter. Around Mirror the roads have been dragged and have already assumed the appearance of mid-season.

The recently organized Mirror Tennis field is benefiting from the evening work, a full attendance of members to discuss a proposition referred back to the Canadian National Railways at this point with the request that the old tennis field of old name was disbanded and a new organization formed to be known as the Mirror Canadian National Tennis Club. The officers elected were as follows: Honorary president, C. R. May, division C.N.R. superintendent; president, Carl McCormack; vice-president, Jerry Hennessey; secretary-treasurer, J. Russell; social committee, Misses M. Wilson and Jane G. Parnicker and Mrs. H. Gaines. The location of the present site was unanimously voted to have been done is to be abandoned in favor of a better grounds with the added Natural property where the modern conveniences and facilities are available for the making of a strictly up-to-date and first-class tennis grounds.

WORK COMMENCED ON LLOYDMINSTER SCHOOL

SAYS E.D. & B.C. SHOULD BE RUN BY C.N. SYSTEM

Dominion Subsidy to Allow for Lower Rates Suggested by A. R. McLennan.

WOULD GIVE NORTH IMMEDIATE RELIEF

Is Also in Favor of Any Scheme That Will Provide Coast Outlet.

The outcome of the forthcoming conference between Premier Greenfield and the Dominion government in connection with the Northern railway situation is causing considerable speculation locally. At present there is no indication as to what will likely be the result. The people of the north country are exerting every effort to have a coast outlet built as soon as possible. On the other hand there is the matter of operation of the E.D. and B.C. railway to be taken into consideration.

A. R. McLennan, M.L.A., for Edmonton, told The Bulletin last night that although he was in favor of exerting every influence to furnish the same of the coast outlet, as immediate relief he would like to see something done to bring down the rates on the present road. He said that in his opinion the solution of the Peace River question on this road would be to form over the operation of the E.D. and B.C. railway and to provide a Dominion subsidy, sufficient to place the rates on a prairie basis. At the present time the rates on this road are approximately 3c per cent higher than on the prairies, and as a result the farmers in that part of the province are penalized to the extent of all of the produce they ship out, but on all the goods shipped into the North country.

Besides being beneficial to the North country, such an arrangement would also work out to the advantage of Edmonton business men.

Mr. McLennan made it quite clear that he was not opposed to any scheme that would give relief to any of this section a coast outlet as such would be after all the only permanent relief to the present situation.

Toronto Mother Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I have found Lydia E. Pinkham's Vegetable Compound a splendid medicine to take before and after confinement. A small book was put in my door one day advertising Lydia E. Pinkham's medicines, and as I did not feel at all well at the time I went and got a bottle of Vegetable Compound right away. It soon began to notice a difference in my general health. I was full of aches and pains at the time and thought I had every complaint going, but I can truthfully say your medicine certainly did me good. I can also tell it is highly of it, and I know it will do other women good who are sick and ailing if they will only give it a fair trial. Lydia E. Pinkham's Liver Pills are splendid for constipation. You are welcome to use my letter if you think it will help any one."—Mrs. HARRY WISEMAN, 543 Quebec Street, Toronto, Ontario.

The expectant mother is wise if she considers carefully this statement of Mrs. Wiseman. It is the voice of a great many, all telling the same story —beneficial results.

Lydia E. Pinkham's Vegetable Compound is especially adapted for use during this period. The experience of either women who have found this medicine a blessing is proof of its great merit. Why not try it now yourself?

"ACCIDENTAL DEATH" IS CORONER'S VERDICT

No Inquest Will be Held Into Death From Wounds of Jack Angerman.

That no inquest is needed into the death of Jack Angerman, which occurred in a local hospital yesterday morning following wounds received Sunday from a .22 calibre rifle, was the decision reached yesterday afternoon by Coroner Dr. Braithwaite who investigated with the Provincial Police and reports "accidental death."

The deceased boy, 12 years, son of Fred Angerman, buyer for Swift Canadian, c. 1262 75th avenue, was out with three companions Sunday shooting rabbits and blackbirds at Bright Sod Farm, 3 miles north of the Transit Road, North Edmonton. The companions included Wilfred Wareing, 14 floor Warring, 14 ... 124th ... 67th street, and Don Phillips, 14, of 66th street. They had two rifles among the while Don and Ivor were making a fire late in the afternoon in the woods. Wilfred says he fired at a third so yards distant and heard a cry. "I am hit," Jack Angerman was discovered wounded in the right chest, lying in the thick bush.

Mrs. McDermott who lives near by was appealed to and she called Mr. Briggs who telephoned the alarm that brought Howard & McBride's ambulance and Dr. Field to the scene. Constable Appleton, A.P.P., also rode out and investigated and got the story from the boys.

HEBRIDEANS MAKING GOOD

Are Learning Alberta Methods Very Rapidly—Good Future Ahead.

The Hebrideans that were brought to Alberta under the auspices of the Dominion immigration authorities, are adapting themselves to conditions here. Father MacMillan, who is assisting in the work of the supervision of the establishment of the settlement of Hebrideans in Alberta is confident that the venture is a great success. Most of the Hebrideans have had experience in farming, but since coming here have rapidly picked up Western methods of agriculture, and are bringing great credit to themselves for the manner in which they are adapting themselves to conditions.

Father MacMillan told the Bulletin that he had visited a number of Hebrideans that were working in the vicinity of St. Albert, and the manner in which they were getting on very well pleased. They were able to handle horses and machinery in a very able manner in spite of their short experience.

From the recent press despatch from Eastern Canada stating that the system of bringing the Hebrideans to Canada was a failure, Edmonton the men did not have sufficient experience in agriculture having been engaged in fishing in their lives. Father MacMillan considers that this statement is unfounded. Not only are the Hebrideans satisfied with conditions here, but they realize that they are in a future ahead of them and are doing everything possible to make good. And what is more they are making good, he says.

CO-OPERATION LEADS TO QUICK ARREST

Frank Stewart, wanted for forgery by the Saskatchewan Provincial Police was arrested here yesterday afternoon on information received by wire. Detective Skelton of the A.P.P. had charge of the search and the telegram was shown to the City Police.

Stewart was apprehended by Detectives Sutherland and Allen as he stepped from a hotel where he registered under an assumed name. He turned over to the A.P.P. for return to Saskatchewan. The co-operation of the forces accomplishing the arrest in half an hour.

"THE VILLAGE DOCTOR"

Calder Macdonald Choirmen was very fortunate a few evenings ago in having present the company presenting the play "The Village Doctor," under the very able direction of Miss Ivy Bayley, who also impersonated in a very fine manner a young old woman. Mr. Don Sime gave a very fine interpretation of the doctor's role and Miss Rita Mcbrinth took the part of the leading. The characters played by Carmen McKim, Alex. Walter Baldwin, and J. F. Knight caused a great deal of merriment. Rev. J. F. Knight and Mr. Walter Davidson arranged the program between scenes. The young people of the Westmount district who present the play have given it in Westmount, Beverley, Rundle, Metropolitan Church, Calder and are repeating it at Eastwood. There will be two more four-part Mrs. Knight, Mrs. Hart, Mr. Davidson, Miss Ivy Bayley, Rita McIntosh, Audrey McKim, Lillian Johnston, Mable Beaton, Dorothy Markle, Frances Ellis, Carmen McKim, Stewart Huff, Herb Davis, Dan McAfee, Lawrence Knight.

NOT TO DISPOSE OF GOVT. HOUSE

Public Opinion is Against the Proposed Action—May be Side-Tracked.

Present indications are that future Lieutenant Governors of the province will continue to live in Government House in spite of the fact that a resolution at the recent session of the Alberta Legislature provided for the disposal of this establishment. The resolution was introduced by W. M. Davidson, Independent member for Calgary and was supported by most of the government members, Premier Greenfield and some of the members of the cabinet voted against the proposal, and the opinion is expressed in political circles that the proposal will in the course of time be relegated to the ash heap and be forgotten about entirely.

It was but anticipated that public opinion would be opposed to the resolution. The furore created by the publicity given to the proposal apparently has changed the viewpoint on this subject of several of the back benchers of the government side. The rural population, probably that section of it which birth is equally as much opposed to the motion as are the cities.

It is also stated that the government would not likely be asked to put any proposal to effect that was not backed by the Premier and the Attorney-General. The members of the cabinet are not expressing any views on the subject.

APPLY FOR ELECTRIC POWER

Messrs. Miller of Vancouver, purchasers of the Alberta Brick Co. which is north-west of Calgary, yesterday afternoon applied to the City Commissioners for electric power.

ACTION SLOW AS TO RE-DIVISION

Committee of Legislature May Not Report Until Next Regular Session.

The committee on redivision of the electoral districts of the province appointed at the recent session of the legislature has not yet started its work. An organization meeting was held before the legislature adjourned and it was anticipated by some that the committee would immediately set to work to devise some scheme for redistribution and settle down to the whole question of indemnities.

Local members of the legislature are absolutely ignorant of what action will likely be taken by the committee. It is rumored that it is the intention to reduce the membership of the house by six members, but this is not confirmed by any members of the committee.

The question of redivision and provincial elections are linked very closely together. It is stated that the committee should make a report at the adjourned session of the legislature which will be held at the time in June that an election can be expected this year. But no definite action is expected by the committee.

The opinion is expressed that a progress report will probably be made at the adjourned session, and that the whole matter will then be left over until next year and discussed and action taken at the next regular session.

FARM HANDS SCARCE IS CLAIM OF REPORTS

A slight shortage of farm hands is reported to exist in the province at the present time, but recent rains are expected to retard farm operations sufficiently to allow the provincial employment officials to overtake the demand for help, it is stated.

Three thousand men are said to have been placed with the city farmers since March 15, and it is not anticipated by the employment bureau that there will be any serious shortage of labor this spring. The Labor commissioner announces that no large contingents of men are being brought from the coast.

BOY SCOUT NEWS

Although the weather was not of the best, the All Saints' First troop, Scouts, had a very fair turnout at the parade last Friday.

A new time-table was tried out and was very successful. We are learning much more uder the new system.

Mr. J. K. Macdonald was unavoidably absent, being confined to his home by illness, but the boys are requested to bring their note-books and pencils as he will give the next of his series of talks on Citizenship on Friday.

Mr. Edwards gave a very interesting talk to the boys on the bright and the dark side of the Indian. He showed the boys that the true Indian (not the mixed breed of the present day), was a model worth copying. He compared the real Indian to the white man and showed that his physical, moral and other attributes were equal to, and in many ways superior to the white man. The Scouts were advised to copy the bright side of the Indian and they will be much the better for it. One of the main duties of the evening was the conferring on Mr. Beaver of the title of Grey Beaver. These titles must be earned and as Mr. Bennett has assiduously devoted himself to Scout work for many years, no more suitable title could possibly be found for him. As Mr. Edwards has been "Black Mustang" for many years the troop has now two titled Red Men on its roster.

A baseball team has been formed under the management of P. J. Bob Jones, while P. L. Frank Ball and Scout Tom Patzel will control the destinies of the football team. It is rumored that the managers are already looking for opposing teams.

There will be a church parade on Sunday, when the service will take place at All Saints' Cathedral. The service will be on St. George's Day, so as well as being the patron saint of England and of cavalrymen he is also patron saint of the Boy Scouts throughout the world.

After the parade the troop will march to Mr. Coates's photographic where a group photo of the troop will be taken. Every boy who wishes to have his "mug" in the picture must naturally be on hand as there will be no "cards" issued for absentees.

Scouts and others interested are reminded of the home cooking sale Saturday and are invited to come and partake of the many delicious viands which will be on sale. There will also be ice cream 'everything' for the younger folks.

SUPT. JAS. RITCHIE IS KIWANIS SPEAKER

Superintendent James Ritchie, officer commanding "K" Division of the R.C.M.P., was the speaker at yesterday's Kiwanis luncheon. Although modest, although having a record of 34 years service with the Mounties" and although practically modest in his recital of the doings of the present force and his brief story of the exploits of the famous organization.

It was just president's day and four members who had preceded the chair for various terms of office, Dr. Pike, G. H. P. Kirkpatrick, Arthur Yockney and Charles Reed, were in charge of the program, the first named occupying the chair.

Edmonton Kiwanis Club is again winner of the efficiency contest, was the pleasant announcement of Secretary Ivey. Ivey was congratulated for his share in the attainment.

Police Court

James Knight appeared before Magistrate P. C. H. Primrose in the Police court yesterday, on charges of non-support of his wife, and was remanded for decision until May 2nd.

Tom Boyer, a 17-year-old Vancouver youth, who pleaded guilty to a charge of vagrancy, was remanded for sentence until June 1. In the meantime he will be handed over to the Salvation Army, who have found a home for him on a farm.

Charged with wilful misconduct, resulting in bodily harm to Thomas Davies and John Poulson, who were knocked down by the auto on 99th Street, Jasper East, Sunday last, Lattia Bridge, Jasper East, Sunday, was remanded until June 1. In the meantime he will be handed over to the Salvation Army, who have found a home for him on a farm.

Charged with keeping dogs without licenses, James Stevens, Carter L. Bear and John C. Wilkinson, were each ordered to pay a fine of $2 without costs.

Charged before Magistrate Emily Murphy in the Women's court, Mrs. Catherine Jones, Mrs. Mcgrath and Jadee Anderson were each ordered to pay the costs of the court for keeping a disorderly house in possession of liquor.

District Court

Judgment for $182.10 damages from an auto collision, with costs against the defendant, was given C. Webster in his action against the City. Webster was driving his auto at a rate of about 12 miles a year ago, when he met a city fire truck on the corner. The fire truck driver claims to have been going at a rate of 12 miles and as it swerved to the left to corner, to dodge the auto, the two swept together around a corner. The fire truck driver was held the truck driver at fault because he did not slow up, although the auto was also at fault in not going to a fire at the time while proceeding unquestionably had the right of way.

LIABLE TO DAMAGES.

That there are 26 miles of city streets and lanes liable to damage through undermining by coal operators who now are operating under 406 acres and have 200 acres more under survey, is the report of City Engineer Haddow. The report was asked for recently by City Council and consideration will be given to it soon.

EXHIBITION EXECUTIVE MEET.

The Exhibition Association executive will meet on Thursday evening, elective reports on the Spring Show and consider further plans for the Summer Fair.

PUNISHED FOR CUTTING TAIL OFF HIS DOG

For cutting off the tail of a dog "as punishment" John Lacheard of Hillard, was himself punished by a fine of $5 and costs in the magistrate's court at lament on complaint of W. J. Boycroft, prosecuted by Constable Wright, A.P.P.

The magistrate was at first inclined to take a lenient view of the matter as docking of animals is not uncommon, but when the plea of guilty to the charge under section 542 of the Criminal Code, cruelty to animals, was entered, a fine was imposed. Justice of the Peace Alton and Bell presided.

Criminal Court

Sam Maleau of Lac La Nonne charged with selling grain under contract without turning over the proceeds to the sheriff was remanded until the first Monday in October for sentence. John Cadmack, K.C., defended and E. B. Cogswell, K.C., prosecuted.

George F. Bartlett was fined $15 for contempt of court, not appearing to give evidence in a civil execution, on complaint of L. W. Colbledick.

TUESDAY, APRIL 21, 1925.

THE CONDITIONS ARE GENERAL.

Alberta is not peculiarly afflicted with a late and variable spring. There were thirteen inches of snow in New York state on Saturday; twelve inches in central Ontario, supplemented by heavy winds, rain, sleet, hail, lightning and thunder; while a storm that wrecked buildings and injured a dozen or so people swept eastern Ohio and West Virginia. If the western crop is going in late, so is that in the eastern provinces. Judging by the press despatches, farmers in parts of the West are probably farther ahead with their spring operations than those in many districts of the supposedly favored eastern half of the Dominion.

BRITAIN KEEPING FAITH.

Britain has a small war on hand; along the borders of Mesopotamia. Three airplanes were lost there Saturday, with their crews, while bombing villages of belligerent tribesmen who had murdered policemen and refused to stop making war on a protected tribe. Bombing villages is not a pleasant occupation, nor one that it is agreeable to read about. But in a region of the kind, whose primitive people neither appreciate, understand, nor pay any attention to rules of war, it is probably the only way to establish authority and bring about a recognition of boundary lines.

The occurrence suggests what would happen in Mesopotamia if the British withdrew, as some British leaders have been urging should be done. The country would in that event be given up again to wholesale slaughter, plunder, misery, insanitation and disease. Having undertaken to redeem Mesopotamia, and to give its people a chance to win their way to a decent sort of existence, Britain can only make good the obligation by teaching the adjoining tribesmen that the Mesopotamia boundary is a line beyond which they cannot carry their marauding expeditions.

FEEDING CALVES WORTH WHILE.

The boys whose calves won the honors at the Edmonton spring show got higher prices for their animals than the winners at any other western show. The lucky owner of one of the two leaders got 65 cents per pound, and the other 35 cents per pound. Those two boys, it is safe to assume, will not need any verbal argument to convince them that stock-raising is a good branch of farming; or that in that branch it pays handsomely to produce the best.

These prices, it is to be supposed, were paid to encourage the young folks on the farms to interest themselves in stock, rather than because there is any great demand for baby beef at the price which would have to be charged to make these transactions profitable. That the result will be achieved can hardly be doubted. A seven hundred pound calf at 65 cents per pound is worth $455. Plus prize-money, of course. Any farm boy or girl who can get hold of a promising calf is eligible to make a try for the prizes—and the fancy prices to be paid for prize animals—at next spring's show. A year from now there should be a still larger line-up of calves than this year, and of equally excellent quality.

REACHING FOR PEACE RIVER.

Premier Oliver of British Columbia is off for Ottawa again, to try to get the Dominion Government to build a direct railway through the mountains from Peace River to the Coast. Also, it may be suspected, to make another attempt to unload the Pacific and Great Eastern upon the Dominion as one link in that enterprise. No fault is to be found with the Premier of the Pacific province for thus trying to tap the Peace River trade for the benefit of the cities of that province, and incidentally take it away from Edmonton. The situation is one in which there cannot be community of interests between this city and Vancouver.

The parties at the coast who are working for a direct railway route are not so anxious to provide an outlet for Peace River products as to provide an inlet for the goods of Vancouver wholesale houses. Since they want the taxpayers of the Dominion to stand the expense, people in Alberta have a legitimate concern in the success or failure of the plan. If the plan involves the unloading on the Peace River country of the liabilities of the Pacific and Great Eastern, the settlers in that part of Alberta would get a good deal less benefit out of it than the wholesalers of Vancouver. So far as this province is concerned any scheme which includes that is worthy of very vigorous opposition.

SETTLEMENT CONFERENCE FAILS.

The failure of the conference at Halifax is a matter of sympathetic interest to Canadians everywhere. The coal resources of the province belong to Nova Scotia, and the methods employed there, and the circumstances surrounding their development, are subject to provincial supervision and control. But the conditions resulting from the strike, and perhaps resulting still more from the long period of part time employment which preceded the strike have brought an appeal for relief funds to the people of other provinces, to which they have not been slow to respond. The failure of the conference means that the need of such assistance to the miners' families will continue, and that contributions will continue to be sought. Each party to the dispute, of course, blames the other for the break-down of the negotiations. That was to be expected. The company claims that it cannot operate without cutting wages ten per cent. The miners' organization claims that the cut would make conditions worse than they have been.

Which is right it is not for outsiders to say. The important fact is that this great branch of Canadian industry is paralyzed, with the inevitable consequences. In the recent budget the Dominion Government announced the imposition of a substantial tariff on slack and bituminous coal coming into Canada. It was hoped that this measure of protection would enable the Nova Scotia mines to sell coal in larger quantities and at profitable prices in Quebec and eastern Ontario. Premier Armstrong expressed a hope that the change offered an opportunity for the resumption of mining operations on terms satisfactory to both operators and miners and with a prospect of more continuous operation. That hope has not materialized. The situation suggests that an investigation along the lines laid down in the Industrial Disputes Act might show the way to a settlement; or in the desperate "alternative" would show that the coal mining industry in Nova Scotia is economically hopeless. If that is the case it cannot be found out and made public any too soon. If such is not the case, the sooner the public understand from an impartial source what is wrong with the business the sooner the difficulty may be adjusted.

THE CHAOS AT PARIS.

Perhaps those politicians and newspapers in Britain who and which went into ecstasies over the defeat of Poincare are happy over the results, but it is to be doubted. France has been reduced to a condition in which nobody can govern, and in which as a natural consequence nobody wants to assume the responsibility of trying to do so.

Poincare had a definite, distinctive and positive policy, domestic and foregn. He did not try to pay France's war debts, but he revived its shattered industry, on the principle that a busy France could pay without ruining itself. And he held Germany to the strict letter of the bargain made at Versailles.

The Herriott Government came into power as the result of a reaction against the Poincare policy, a reaction which was hailed with lively satisfaction by the element in Britain which wanted to ease the pressure on Germany in hope that Fritz would respond to coddling and remit. Herriott did not make good the expectations that he would treat Germany as an erring brother. He did make gestures which looked like preparation to start paying France's foreign loans. He got tangled in a diplomatic war with the Vatican which cost him support, and the end came with the scheme to levy a direct tax on French capital disguised as a forced loan.

The outcome is that France is paralyzed at a time when it is important that it should be directed by a strong Government with a positive foreign policy. The crisis at Paris is being studied at Berlin, with high satisfaction, and a view to taking advantage of any opportunity it may offer for wiggling out of treaty obligations. That may be taken for granted, and it is the factor which makes the debate at Paris a matter of world importance.

France is the one Allied country that has stood unflinchingly for the enforcement of the treaty of Versailles. It was characteristic of Britain that once the fighting stopped the fighting spirit should subside. And Britain does not have to stand on guard always against a possible attempt at revenge on the part of Germany. The North Sea rolls between them and the British fleet is still in being.

Nothing but an arbitrary line drawn on a map separates France from its traditional enemy. France has entertained no delusion that Germany has forgotten the war nor forgiven the defeat. It has demanded that the treaty be made a real bulwark against itself and the beaten but vengeful foe; in particular that Germany be made to disarm and made to pay. Germany has not disarmed completely, nor made a reasonable pretence at paying. But France is in political turmoil and no one can say what Government or what kind of foreign policy will emerge from the furore. That is not a situation which the Allied world can view otherwise than with deep regret, not untinged with misgivings as to what move Berlin may be prompted to make.

Regina: The supreme court en banc delivered judgment today on the reserved points of law in the King murder trial. The alleged murderer will have another trial, the court being unanimously of the opinion that the conviction should be set aside and a new trial ordered.

King was tried before Judge Harvey in Edmonton early last month and at the conclusion of the trial which resulted in his conviction and sentence of death at Fort Saskatchewan on May 10, by hanging, Mr. Biggar, his counsel applied for a reserved case on several counts. The new trial will be held in Edmonton, possibly during the coming month. There were about eighty witnesses present at the first trial, many of them from Lesser Slave lake, some from British Columbia and the United States, Ontario and one from England. They will all have to be recalled. King was charged with the murder of his partner last September at Lesser Slave Lake.

Winnipeg: Building permits to the value of $15,000,000 have been issued so far this year for 660 houses. This is a large increase over the amount for the same period of time of last year.

Winnipeg: One hundred and twenty bodies will be buried this week at Brookside. The funerals have been delayed owing to the frost.

OUR BOARDING HOUSE —By Ahern

IN MEMORIAM

(Montreal Gazette)

He is dead! and what words can we say that will tell half the sorrow we know;
He is murdered! and mutters for vengeance are mingled with wailings of woe;
He is gone! and the voice that thrilled thousands, like music, forever is hushed;
He lies bleeding! and with him the heart of the nation lies bleeding and crushed!

SCIENTISTS EAGER TO SOLVE MYSTERIES

WASHINGTON, April 20.—Among the things the government intends to do during the coming year is to make an intensive study of sea water, its characteristics and phenomena.

The navy department is planning to furnish a boat, the bureau of standards will furnish a staff and instruments, and a number of other scientific branches of the government will be represented in the personnel of the expedition, if congress approves.

A surprising number of missing links in scientific knowledge of the sea remain to be found. As listed by Dr. G. K. Burgess, director of the bureau of standards, they include the salinity of the seas, which is in part an effect and in part a cause of ocean currents; the efficiency of depth-sounding mechanisms; the variation in the pull of gravity over water surfaces, and the variation in magnetic flux which occasions strange deflections of the compass needle.

FOSSILIZED BONES FOUND IN STREET

LONDON, April 20.—A collection of fossil bones, unearthed in a stratum of sand and gravel 30 feet below the surface soil during recent excavation of an office building foundation near Charing Cross, one of the busiest traffic corners of London, has been identified by Sir Arthur Keith and R. H. Burne, prominent scientists, as containing the fossilized remains of the hippopotamus, the mammoth, the auroch or great ox, and of a great antlered variety of red deer.

Although no stone implements were found on this site, these have been found at nearby places during the past excavations and have indicated that the prehistoric animals had man as their companion. The terraces from which the fossils have been taken and on which a great part of London is built, are ancient beds of the River Thames.

The recently unearthed collection has been presented to the Royal College of Surgeons.

CHURCH BEADLE HELD FOR COMMUNIST PLOT

PARIS, April 20.—A Sofia despatch to the Matin, says that Peter Zatgorski, a beadle of the Sveti Kral cathedral, has been arrested and has confessed to complicity in the bomb explosion which caused great loss of life Thursday. He named as the principal authors of the outrage two men, Kosta Yankoff and Ninkoff, the latter a former officer in the engineers corps.

Ninkoff, he declared, placed the bomb under the roof of the cathedral on the morning of the explosion, and it was lighted by a man wearing a student's uniform.

The police are said to be close on the trail of Yankoff and Ninkoff who are chief and sub-chief, respectively, of the Sofia Communist executive central committee.

LIGHTNING BOLTS CAUSE HEAVY DAMAGE

PHILADELPHIA, April 20.—A storm sweeping across Pennsylvania from southwest to northest, a severe electrical wind and rainstorm, today left in its wake heavy property damage, swollen streams and blocked highways. Reports of injuries to only two persons were received, although scores of homes, barns and outbuildings were torn from their foundations by the wind. Fire, resulting from lightning bolts, caused damage estimated at more than $150,000.

AIR FAMILY QUARREL IN TORONTO COURT

TORONTO, April 20.—R. H. Ball, Montreal, an agent, is suing his uncle, A. E. Weston, Toronto, bookkeeper, for $50,000 damages for alleged malicious prosecution. He is also suing for $50,000 for alleged slander and alienation of his wife's affections.

The plaintiff states that his uncle had him charged with vagrancy and confined in jail for two days and that his uncle objected to his marriage and after the wedding attempted to alienate the affections of his wife. The defendant denies both allegations.

MORE UKRAINIANS COMING.

WINNIPEG, April 20.—Dr. Vladimir Batchyinsky, of Lemberg, Galacia, and Rev. Joseph Jean, of Kaminitza monastry, Rosna, Jugo-Slavia, delegates of the Ukrainian Emigration Aid Society of Europe, have arrived in Winnipeg to study western Canadian conditions with a view to bringing out Ukrainian families from Galacia and settling them on western farms.

DETROIT BANK LOOTED

DETROIT, Mich., April 20.—The second bank robbery within 24 hours here netted three armed men about $7,000 in cash last night. They escaped with this sum from the Grand River avenue branch of the Northwestern State Bank after forcing three employees into the vault.

STORMS ON EASTERN COAST.

YARMOUTH, N.S., April 20.—Yarmouth and vicinity was visited yesterday by one of the worst storms experienced in this part of the province for years. Gales blowing from the southeast and south and later shifting to southwest were accompanied by terrific squalls of rain, thunder and lightning. About six o'clock the rain turned into hail which fell as large as marbles.

IS GIVEN TWO YEARS.

VANCOUVER, B.C., April 20.—Two years imprisonment was the sentence imposed on Roy Crate, on each of three charges of stealing pay telephones. Sentence will run concurrently, the magistrate announced.

Crate pleaded guilty to the three charges and at the time it was announced by authorities that eighteen charges could have been laid.

CANADA'S FORESTS MUST BE CONSERVED

VANCOUVER, April 20.—Frank J. Barnjum, timber magnate of Montreal, and well known as Canada's most practical propagandist, went to China three months ago to get a close-up of a forestless country. Today he landed in Canada again, arriving in Vancouver this afternoon on the Canadian Pacific S. S. Empress of Russia, to tell Canadians just what a forestless condition means to any country.

"It is because Canada is fast approaching a similar condition to that prevailing in China, that I made the trip," Mr. Barnjum told interviewers here. I travelled 2,500 miles into the heart of China and saw her vast stretches of nude mountains and plains, where years ago there stood stretches of timber such as Canada boasts of today, and I do not hesitate to say that this condition will soon apply to Canada at the present rate at which her timber is being burned, ruined by insects and exploited."

British Columbia has Canada's last timber stand, Mr. Barnjum said further, the second growth of trees throughout other parts of the country being only useful for pulpwood.

"The actual loss of the timber itself and its resultant effect on the industrial life of the country is only the first thing to consider. He continued, "if Canada loses her northern fringe of timber the climate of the country will be changed, where mountains are timberless the very soil is washed away by heavy rains. In one flood alone in China in 1924, $160,000,000 damage was done in the district of Kwangsi, and all because the surrounding mountainous country is treeless." According to Mr. Barnjum, an ounce of conservation is worth more than a ton of reforestration. In 1924 for the 1,000 acres reforested in Canada, 9,000,000 acres were destroyed by fire in the province of Quebec alone.

The exploitation of Canadian forests for the export of pulp is another phase of the question which Mr. Barnjum greatly deplores. Last year 1,250,000 cords of wood were sent out of Canada for pulpwood and brought into the country the paltry sum of $12,000,000. This amount of wood if manufactured into paper within the Dominion would bring in approximately $70,000,000.

MAH JONGG POPULAR AT ITALIAN CAPITAL

ROME, April 19.—Mah jongg has caught on in the Italian capital with a vengeance. At a recent tournament to determine the Roman champion there were so many entrants that preliminary sessions had to be held, just as in a national tennis tournament.

Moreover, to see that the famous Chinese game moves in the best circles it is only necessary to read the names of the contestants, including numerous baronesses with hyphenated names, marquises and countesses, not to mention many men whose names are by-words in the Italian literary world.

FOOTBALL REPLACES GAME OF MAH JONGG

BERLIN, April 20.—Mah Jongg is to give way to the goal game, or table football, in Berlin society. At the fashionable Esplanade hotel a demonstration was recently given in the presence of numerous social lights, film stars, literary aspirants and politicians.

The American goal game comes to Berlin via Vienna, where a regular goal game craze has developed. Approximately 40 goal game clubs were organized there within a year.

AUTOMATIC PHONES ARE VERY EFFICIENT

SEATTLE, Wash., April 20.—Because 29 languages are spoken in the Far East, automatic telephones are solving a business problem that has handicapped the Orient for many years, Harry Janes, automatic telephone expert of New York, said while a visitor in Seattle early this year.

Of 94,000 telephones in Yokohama 27,000 are automatic, Mr. Janes reported. Shanghai, Hengkong, Harbin, Kobe and Tokio also have automatic instruments.

STINNES INTERESTS INVADE HOLLAND

AMSTERDAM, April 19—The Hugo Stinnes concern of Germany is going into the soap business in Holland. It has acquired the plant of the former Zwarte Rutter brewery at Maastricht as well as the plant of a soap factory there. The two are to be combined into a larger chemical plant which is to manufacture soap, soda and castor oil.

Third Division Football Clubs Commence Season

TWO GAMES PLAYED AND ARE BOTH THRILLING ENCOUNTERS

Radial Rovers and North Edmonton—It Was in the Second Half That the Packing Plant Men Won—One Game is Late in Starting.

Football fans were given some splendid football in the two opening third division soccer games played last night, Radial Rovers and North Edmonton decided their contest at Renfrew Park, the street car men winning by the score of 1 to 0. It was by the same margin that the Ritchie club managed to win over Ramseys in their fixture at the Southside grounds. Although the weather was anything but ideal for very good soccer, the athletes nevertheless managed to play exceptionally fine football and the faithful fans who turned out were able to witness some pretty play.

Game is Late

One mistake, a very grave one that the third division clubs have done in the past, cropped up last night at Renfrew ark in the Radial-North Edmonton game. It had been previously announced that the game would start at 6:30 o'clock. As a result a number of fans were in the stands at the appointed hour but the athletes did not appear on the field of action. The game actually did not start until 7:00 o'clock. Such a lackes attitude on the part of the teams in this division or any other will keep the game from going ahead. The Radials were all dressed and on the field at 6:45 o'clock but even if they were twenty minutes ahead of their rivals they could not be expected to wait all that time to start the game when it should have been.

Close Game

However, when the two elevens did start the game proved to be a splendid exhibition. Herd, a very fine looking back, playing for the Radials took a penalty kick in the first period and beat the North Edmonton goalie rather easily. As a matter of fact he had to score twice the first time he took the kick he failed to wait for the referee's whistle. He made no mistake about his second attempt.

North Edmonton was not outclassed by any means. In the first half they were now too good on the forwards and half line being decidedly weak. In the final half they were over most of the game and started in grimly to play soccer and Mercer in goal for the Radials was kept busy from time to time. It was good work on the part of Herd and Mason that kept the persistent North Edmonton forwards from scoring. Symington, outside right for North Edmonton played a beautiful game.

The second half was simply "chuck-full" of the best possible entertainment and the crowd was given plenty of action.

Referee Mercer ought to be made of the capable manner in which Referee Gregory handled the game. He was up with the play at all times and had little difficulty running the game in a manner that was entirely satisfactory to everybody concerned.

The teams lined up as follows:

Radial Rovers—Mercer, Hetherington, Mason, Walker, Conlin, Wright, Bradshaw, Gibb, Stevens and Herd.

North Edmonton—Gardner, Robertson, Robinson, Marsden, Thompson, Wolfe, Symington, Moffat, Duke, Ransfield, Wilden.

Side Fixture

At the South Side game close to three hundred spectators turned out and were given a real treat by the competing teams, Ritchie and Ramseys.

The "Big Store" boys could not get their old time combination working at the same smoothness that they have been want to do in their past performances. Or, the Ritchie three was just a notch better than the winners. They played hard for their every point and deserved the small margin by which they won out.

EIGHT-HOUR-DAY BILL DEFEATED AT HALIFAX

HALIFAX, N.S., April 20—The eight-hour day bill introduced in the legislative assembly last week by Joseph Steele, Labor, Cape Breton, was defeated today by a vote of 12 to 6 when it came up for second reading.

Premier Armstrong pointed out that at the present time the whole question of limiting the daily hours of labor was being studied by the department of labor at Ottawa and the supreme court of Canada would decide upon whether regulations of working hours were a responsibility of the provincial governments or the federal. Until then he thought it unwise for the local government to take any action.

NEW VESSEL ARRIVES

VICTORIA, B.C., April 20—The Princess Marguerite, second of two new vessels built in Scotland for the Canadian Pacific Railway's British Columbia coast service, made port this afternoon, 29 days out from Glasgow.

FIRE AT JOLIETTE

MONTREAL, April 20—Reports this morning from Joliette, Que., state that a fire there early today partially destroyed the Commercial Hotel and several stores. The damage is placed at $25,000.

Leo "Kid" Roy Wins Decision Over the American Champ

MONTREAL, April 30—Leo "Kid" Roy, Montreal, former featherweight champion of the British Empire, was awarded a decision over Bobby Garcia, champion of the United States army, in their 10-round feature bout here this evening.

Roy weighed 127 1-2, and Garcia tipped the scales at 126 1-4.

EVIDENCE AT TRIAL GIVEN BY ASSAYER

WINNIPEG, April 20—Three hundred and twenty-seven assay samples sent from the Bingo Gold mine in the Temiskaming testing laboratory last November assayed at between 20 cents and $395 a ton, according to the evidence of E. Mouloud assayer, at the laboratory, given at the preliminary hearing today in city police court of Joseph Myers, manager of the mine. Myers is charged with making false statements with intent to defraud.

The witness said that all the results were obtained in the assays of Bingo samples. He read from a list giving results up to the high figure mentioned. The lower amounts predominated.

George H. Dixon, superintendent of the laboratory, stated that as far as he could tell, the sample bags had not been tampered with when they arrived from the mine. They were tied with cord and sealed with sealing wax. The hearing will continue tomorrow.

EASTER SUNDAY IS OBSERVED IN RUSSIA

MOSCOW, April 20—Russia has taken on something of its old time religious aspect this week in the celebration of Easter in the Orthodox manner.

Easter Sunday was one of the brightest the world has known, the belfries of Moscow's "forty, times forty churches" ushered in the festive day Saturday night with loud clanging of bells, which continued until early morning.

The churches were filled to capacity, a circumstance reminding one of the days when the church was co-equal with the state in power.

The church celebrations were unattended by any disturbances, in contrast to the Easter services of previous years under the soviet regime when anti-religious demonstrations were frequent.

SUSPEND ROWDY SOCCER PLAYER

B. P. Hobbs Will be "Out" of the Game for Some Little Time.

The executive of the Edmonton and District Football Association held a meeting last night. It was found that 11 teams had entered to take part in the Chaffey shield cup competition.

The members also decided that B. P. Hobbs should be suspended for the next four games in which the South Side football team plays. According to all reports, none of which appear in the least doubtful, Hobbs was suspended. Football fans paid their hard-earned nickels to see a football game, not a take-off for the pugilistic art.

The Hobbs' incident came during the playing of the Canadian National-South Side game, Wednesday, April 15.

The opening game of the second division will be played tonight when Civil Service and Rangers take to Renfrew Park, starting at 6:45 o'clock, sharp.

All Ranger players are requested to be at the Memorial Hall not later than 6 p.m.

PHIL SCOTT WINS FROM TOM BERRY

LONDON, April 20—(Canadian Press Cable)—Phil Scott, Welsh fireman heavyweight, tonight defeated Tom Berry, Melville, Australian heavyweight champion, on points in a 12-round bout here tonight for the British and empire title.

Berry, who is more than 40 years of age and just recently won his title, had accepted the challenge of Clement, the Swiss light-heavyweight champion, for the right to decide the light-heavyweight championship of Europe.

O.C. Football

LONDON, April 20—(Canadian Press Cable)—Football games played here today, 6 to 4, largely through a home run by Burns in the third inning, driving in Stephenson ahead of him, and the good pitching of Karr, who relieved Uhle in the fourth inning. Uhle was not effective, although Manager Cobb rushed all his reserve forces into the game, and he was the first appearance of the season in the seventh inning, and the good pitching of Johnson also pitched great ball but lost control in the fifteenth when he walked Myatt to start the inning. J. Sewell sacrificed and Myatt struck out. Johnson then walked purposely to bring up Knode. Johnson failed to get the ball over to Hodapp or Pipp, forcing the winning run across the plate. Karr forced Knode.

"CHUCK" MILLER WINS MARATHON

Defeats Former Champion—Canadian Entries Do Well—Fine Time Made.

BOSTON, Mass., April 20—Charles L. "Chuck" Mellor, 31-year-old Chicago mechanic, fulfilled a long standing ambition when he won the 29th annual Boston marathon, an annual feature event of the Boston Athletic Association. Running against a bitter northeast wind in a temperature that hovered around the few degrees above freezing, Mellor covered the long Olympic distance, 26 miles, 385 yards, from Ashland, Mass., to Boston, in 2 hours, 33 minutes and 24-5 seconds. His time was only three minutes and 20 2-5 seconds slower than the record set for the distance last year by Clarence H. Demar. The victory carried with it the National Amateur Athletic Union marathon championship.

Demar, 27-year-old Melrose, Mass., hurdler and marathon veteran, who four times has captured the marathon, finished second, just 36 2-5 seconds behind Mellor. He wore the colors of the Illinois A.C. of Rome, New York, placed third. Second consent contenders are Brial, Sancroft, Bucke, Purple Image, Jost, Bellman, Harpenden, Crowe and Roldan.

RIOTERS ARE KILLED WHEN POLICE FIRE

BLOEMPONTEIN, Orange Free State, South Africa, April 20—Three persons were killed and a number wounded today when police fired on a crowd which was rioting in the centre of the city, according to reports received here. The trouble originated yesterday in the attempt made by a native to enter a building which is used exclusively by white people. The policeman to the quantity of force which was required to quell the disturbance and one native was killed. The trouble continued today until the authorities fired on the crowd. Quiet was completely restored after fifty native ringleaders were arrested. The governor of the province has been notified of the situation, was considered serious, and the citizen military forces were called out.

FINED FOR ASSAULT ON NEWSPAPER MEN

SASKATOON, Sask., April 20—Three men were fined $25 and costs each today in police court here on charges of assaulting two Saskatoon newspaper men after a succession of minor disturbances in the Empire hotel last Thursday night. They were Jack Wagner, operator of the Empire hotel and Dan McClellan, both of Saskatoon. After a recess of ten minutes had been allowed for them to consult counsel, Wagner pleaded guilty to assaulting the reporters, whose clothing was torn and who was badly beaten in the fracas. McClellan also pleaded and pleaded guilty. No evidence was offered against Bruce Brown imposed minimum fines.

LESS WHISKY BEING DRUNK BY SCOTCH

LONDON, April 20—(Canadian Press Cable)—There is not the least doubt that less whisky is being drunk in Scotland, Dr. John Orr, professor of Edinburgh Infirmary, told the royal commission on lunacy today. Dr. Orr also added that he was "afraid" the increased price of whisky and the military discipline exercised during the war were partly responsible for the abstinence.

NEW YORK CENTRAL PAINT SHOPS BURN

Buffalo, N.Y., April 20—The paint shop in the New York Central car repair shops here was burned tonight with an estimated loss of $50,000. Gallant work of the railroad department in promptly closing fire doors and manning hose, prevented a general conflagration.

RACE TRACK SOLD

SALT LAKE CITY, Utah, April 20—The one-mile Logan horse race track, located midway between Salt Lake City, Utah, and Ogden, has been acquired by Joe Cattrinich and Sam Dandurand, of Montreal, and M. INDIANS BEAT TIGERS

DETROIT, Mich., April 20—Cleveland won a 10-inning baseball game here today, 6 to 4, largely through a home run by Burns in the third inning, driving in Stephenson ahead of him, and the good pitching of Karr, who relieved Uhle in the fourth inning. Uhle was not effective, although Manager Cobb rushed all his reserve forces into the game, and he was the first appearance of the season in the seventh inning, and the good pitching of Johnson also pitched great ball but lost control in the fifteenth when he walked Myatt to start the inning. J. Sewell sacrificed and Myatt struck out. Johnson then walked purposely to bring up Knode. Johnson failed to get the ball over to Hodapp or Pipp, forcing the winning run across the plate. Karr forced Knode.

BROADCASTING NEWS IS FAVORED BY PRESS

NEW YORK, April 20.—Radio broadcasting of news of transcendent national and international importance was favored at a meeting of Associated Press members today preliminary to the regular annual meeting tomorrow.

By a rising vote it was recommended that the board of directors be authorized to permit restricted broadcasting events under safeguards. A resolution on the subject, approved at today's meeting, will be before tomorrow's meeting for ratification.

TWO HANDICAPS FOR TOMORROW

Tapin, Winner Lincolnshire is Heavy Favorite for City and Suburban.

LONDON, April 20—(Canadian Press Cable)—Two of the great spring handicaps, popular with the betting public, will be decided tomorrow and Wednesday at Epsom, the City and Suburban in a mile and a quarter affair, and the Metropolitan at two miles and a quarter.

Temperature that hovered around a few degrees above freezing, Mellor covered the long Olympic distance, 26 miles, 385 yards, from Ashland, Mass., to Boston, in 2 hours, 33 minutes and 24-5 seconds. His time was only three minutes and 20 2-5 seconds slower than the record set for the distance last year by Clarence H. Demar. The victory carried with it the National Amateur Athletic Union marathon championship.

Demar, 27-year-old Melrose, Mass., hurdler and marathon veteran, who four times has captured the marathon, finished second, just 36 2-5 seconds behind Mellor. He wore the colors of the Illinois A.C. of Rome, New York, placed third. Second consent contenders are Brial, Sancroft, Bucke, Purple Image, Jost, Bellman, Harpenden, Crowe and Roldan.

TORONTO JEWISH LADIES' TEAM WILL PLAY GRADS NEXT WEEK

World's Champions to Have Little Rest Before Meeting the Fast-Stepping Eastern Club—Series Will be a Keenly Contested One.

Visibly pleased over the splendid showing which they made on their coast tour, and anxious to get busy on their final practices for next week's series for the Dominion championship, the Commercial Grads returned to the city early yesterday morning. All of the girls are in the well-known pink. They profess to be delighted with their trip, and speak enthusiastically both as to their treatment at the different places visited, and also as to the quality of basketball played at the coast. Most of the coast teams are a bit shy in experience, but with a year's additional training, they should be able to hold their own in the fastest company, according to the Grads. The Vancouver team was the strongest the Grads met.

No Rest for Grads

There will be no rest for the champs for some time to come, and "Kaptain Konnie" will put her hopes through the wringer Wednesday and Saturday nights in preparation for the championship tilt with the Young Women's Hebrew Association team of Toronto next week. The Jewish girls are rated a basketball fraternity in Ontario this year by rising rapidly from almost total obscurity and rushing through to the eastern Canadian championship, dropping only a single game in the process, and that one by the remarkably close score of 11-9. Included in the westward journey was the scalp of the London Thistles, the Toronto Maple Leafs and the clever church team, also from the Queen City, so that the Jewish girls had a hard row to hoe in fighting their way into the finals. In which they met and defeated by large score the newly formed Alerts of Ottawa.

So far as is known locally, the Jewish girls have the only team composed entirely of girls of that faith apart from the Jewish People's Institute team of Chicago. They are exceedingly popular among the Hebrew organizations in Toronto and a fund of $2,000 was quickly subscribed by several Toronto Jewish gentlemen to send the team west.

It is understood that a special car has been chartered to the team, and that arrangements have been made for a stop-over in Winnipeg to allow the girls to get a good night's rest at the Prince of Wales Armoury.

The girls are also responsible for the idea of giving some couples who had not previously taken part in a tournament an idea of what it takes, necessary and consequently some of the events will be repeated and were of educational value only.

The game, Major and Mrs. Watson (19th Dragoons) beat Col. and Mrs. Scott (49th) was quite a good fight and the couple who had had the last winter the Scotts did very well indeed. Several other beginners also took part, Mrs. Stearns, (Artillery), Major Arthur (49th) should with practice get a lot better and Mrs. Lowle (Fusiliers) they were as keen as mustard.

Mr. and Mrs. Lowle (Fusiliers) by steady play worked their way into the final where stage fright got the better of them after which more than the Lowles the latter winning by 6-3, 6-4. Col. Scott of Dispersal of the officers afterwards got the better of Col. Sims (Fusiliers) with Capt. Drake (49th) Hunter 6-3, 2-6, 6-4.

First Round

Major and Mrs. Braden (Fusiliers) beat Capt. and Mrs. Ellinger (Artillery) 6-3, 6-4.

Mr. and Mrs. Lowle (Fusiliers) beat Col. and Mrs. Stearns (Artillery) 6-3, 6-4.

Major and Mrs. Watson (19th Dragoons) beat Col and Mrs. Scott 6-3, 6-4.

Major and Mrs. Howland (49th) beat Major and Mrs. Hall-Higinson (Bde. H.Q.) 6-0, 6-0.

Second Round

Mr. and Mrs. Lowle beat Mr. England and Mrs. McDonald (49th) 6-2, 6-1.

Major and Mrs. Watson beat Major and Mrs. Braden 6-4, 6-0.

Major and Mrs. Howland beat Major and Mrs. Howland 6-3, 6-4.

Mr. and Mrs. Lowle beat Major and Mrs. Watson 6-3, 6-0.

SOCCER TONIGHT

The Rangers and Civil Service Football clubs play tonight at Renfrew park, commencing at 6:45 in a regular league game. BENNY BAYS IS WINNER

PHILADELPHIA, April 20—Benny Bass, Philadelphia featherweight, defeated Johnny Sheppard, Boston, in a hard ten-round fight tonight.

NOTICE GOLFERS

Members of the Edmonton Golf and Country Club are warned that only the roads are open on the club road as it is bad condition as a result of the heavy rains and the piling being taken away. The bridge cannot be crossed so that those who drive on the course will be disappointed as not reaching the club house.

TENNIS TOURNEY HELD SATURDAY

Husband and Wife Tournament at Armouries Proves to be Huge Success.

With the rain pouring down the only ideal way to play tennis was inside, and the husband and wife tournament held at the Armouries on Saturday afternoon last in the Prince of Wales Armoury.

The event was the outcome of the idea of giving some couples who had not previously taken part in a tournament an idea of what it takes, necessary and consequently some of the events will be repeated and were of educational value only.

The game, Major and Mrs. Watson (19th Dragoons) beat Col. and Mrs. Scott (49th) was quite a good fight and the couple who had had the last winter the Scotts did very well indeed. MARKETS

BRISK RALLY IN WHEAT PRICES

Market Recovers From Recent Heavy Dip—Trading Fairly Erratic.

WINNIPEG, April 20.—In a brisk rally wheat prices today recovered more than seven cents from the extreme dip, all markets showing pronounced strength before the session ended. May closed at 1.56¾, an advance of 3⅛ cents over Saturday's final quotations. July gained 2½, jumping to 1.59¼, while October was 2¼ higher at 1.31¼.

Trading was erratic and price fluctuations at times were erratic and violent. Despite light offerings the market displayed early weakness and not until the latter part of the session did buying support develop. Some export business was worked over the week-end, although it was reported that the European trade was awaiting a more stabilized price tone on this side. Cables from Liverpool attributed the weakness there to rumors of large tenders on May delivery and heavy selling by an influential concern.

Firmness was shown in the coarse grain markets, a fair business being worked in oats, barley and rye. Flax was steady but trade light. Weakness dominated the cash wheat market, with demand far below expectations. Spreads were practically unchanged. A large trade in oats were reported with barley also meeting a good demand. Flax experienced a fair inquiry but rye failed to attract attention.

Chicago Grain

CHICAGO, April 20.—Unfavorable reports about the condition of domestic winter wheat, together with 6,768,000 bushels falling off in world shipments and a decrease of 2,141,000 bushels in the United States visible supply total, led to a sharp advance in wheat prices today after an early downturn. The wheat market closed strong, 1 3-4 to 3 1-2 cents net higher. May 150 1-4 to 150 3-4 and July 140 1-4 to 140 1-2. Corn finished 1 5-8 to 3 1-4 cents up, oats 1-2 to 1 cent gain and provisions showing 17 to 60 cents decline.

Minneapolis Grain

MINNEAPOLIS, April 20.—Flour, 10 to 25 cents lower at $8.30 to $8.40 a barrel.

Bran $23.00 to $23.50.

Corn, number 3 yellow 103 1-2 to 105 1-2.

Oats, number 3 white 39 1-2 to 40.

Barley 70 to 86.

Flax, number 1, 274 1-2 to 276 3-4.

Vancouver Grain

VANCOUVER, B.C., April 20.—There was no number one northern cash wheat quotations on the Vancouver market today.

MOTOR STOCK PRICES BREAK

Irregular Market Featured by Sharp Drop in Auto Shares and Specialties.

NEW YORK, April 20.—Stock prices opened irregular and then turned reactionary in today's market following a sharp break in some of the motor shares and specialties, and a renewal of selling pressure against the St. Paul and Chicago and Alton issues, which broke to new low prices.

Maxwell Motors "B" broke from 86 1-2 to 81 when a large block of stock was pressed for sale soon after the opening, rallying later to 82 1-2, or 4 1-8 points below Saturday's close. Maxwell "A" touched a new peak price at 111 and then sagged to 109 5-8, a net gain of 5-8 on the day. Mack Trucks closed 2 3-4 points lower at 148 1-2 after selling as high as 152.

Pierce Arrow common touched a new high at 11 5-8.

United States Steel common sagged to 116 7-8; Baldwin dropped 3 points to 114 1-4, while American Can, American Locomotive and Utah Securities were among the many popular issues to drop back 1 to 3 points.

American Sugar Refining broke nearly five points to 61 3-4.

United States Cast Iron Pipe broke nine points to 147, a new low for the year, and more than 100 points below the year's high price.

St. Paul common and preferred touched record lows at 3 1-4 and 7 1-8, respectively.

Calling of about $15,000,000 in bank loans as a result of the deficit in reserve shown in the weekly clearance house statement last Saturday failed to have any effect on the call money rate, which ruled unchanged at 3 1-2 per cent. Time money and commercial paper was quoted at 3 3-4 to 4 per cent.

Total sales 1,220,000 shares.

Toronto Stocks

TORONTO, April 20.—Brazilian Traction and Atlantic Sugar common were the only active stocks on today's stock market and both closed for small gains. Brazilian changed hands at 50 1-4 to 50 3-4 with that close at the latter price.

Atlantic Sugar common sold at 30 1-2 to 31, with the close at 30 3-4.

Consumers' Gas shares made further progress in their advance in today's market, closing at 170, a net gain of one point for the day.

A single small lot of Ontario Steel Products common changed hands at 53 3-4, a net advance of 7 1-2 points from the last previous transaction. Winnipeg Electric common receded 1 1-4 points to 42 3-4 and the only other traction stock to come out was Duluth Superior which receded 1-2 to 39 1-2.

Other price changes included: B. C. Fishing off 3-8; Canners Common off 1-2; Maple Leaf common off 1 1-2; Steel of Canada common off 1-2; Smelters off 1-8 and in the unlisted market, Imperial Oil off 1-4; International Petroleum up 1-4 and Toronto Railway Stubbs off 1-4 to 4 1-2.

Montreal Stocks

MONTREAL, April 20.—An easier price tendency, accompanied by a decrease in volume tended toward a quiet session on today's stock market.

Consolidated Smelters was the most prominent in regard to activity, closing at 69 7-8, a net gain of 5-8. Atlantic Sugar came second, registering an advance of 1-4 at 30 3-4. Montreal Power closed at 178 1-4, a net loss of 1-4.

Ontario Steel, the strong feature of the day, closed at 53 1-4, a net gain of 3-4, after having sold at the new peak of 53 3-4. Atlantic Sugar preferred suffered the big loss, off 2 to 72.

Other price changes included: Brazilian up 1-2; British Col. Fishing off 1; B. E. Steel off 1-8 to the new low of 2; Canadian Car preferred off 1-2 to 82; Canadian Converters up 1-2; National Breweries off 1; Price Brothers off 1-2; Quebec Power off 1; Southern Canada Power off 1-2; Spanish River off 1-2; Twin City off 1-2 and Winnipeg Electric off 5-8.

Sick Children's Hospital

Mrs. W. A. Wilson, president of the Royal Alexandra Hospital Ladies' Aid, in an article under the above head says: "It seems incredible that as recently as 1912 there was no special provision in the city of Edmonton for the care of sick children, other than contagious diseases.

"As a temporary, and only a temporary, expedient, wards in the nail basement of the new wing were fitted up to accommodate about 35 children, but now it has become imperative that more suitable provision and a happier environment be provided."

In this connection the Edmonton Trades and Labor Council is putting on a monster whist drive and dance in the Prince of Wales Armories on Friday, April 24, the entire proceeds to be devoted to the fund for the erection of a children's hospital in close connection with the Royal Alexandra.

Five hundred tables for cards will be needed, and many other of the exceptional value are being offered for the highest scores. The Newsboys' Band will perform for the dance which will be held from ten to one o'clock. Refreshments will be served and various committees have been formed to look after the entertainment of the guests.

He is now taking over the management of the Oshawa Reformer, with which newspaper he was formerly associated and in which he is financially interested.

Catholic Business Girls Close Season With Highly Successful Blossom Time Dance.

Butterflies, birds and flowers transformed Sullivan's Academy into a charming spring bower for the Blossom Time dance held last night by the Catholic Business Girls' Club. Real live canaries looked wonderingly at the gay scene from their gilded cages, and dainty butterflies were suspended from the pastel shades which covered the lights, while ferns and baskets of cut flowers and apple boughs with buds and blossoms lent a dainty breath of spring and blossom time.

Miss Helen Loughlin was the winner of a pretty basket of laddie carnations in a special feature. When the announcement was made that the three programs held by ladies the words "Blossom," "Time" and "special" would be found pencilled in a certain corner, excitement ran high, and Miss Loughlin held the jackpot with the word "Blossom." Mrs. J. McDonald held "Time" and Miss Anita Mclan "Special," and each of these ladies received a basket of vase-colored carnations.

A Well Known Edmonton Couple Receive Congratulations on Fiftieth Wedding Anniversary.

Mr. and Mrs. H. W. Joslin, of 9561 90th Street, celebrated their golden wedding anniversary on Monday, April 20.

Their two sons, J. A. Joslin of 9851 90th Avenue, city and H. W. Joslin of Leduc, and their daughter, A. M. Campbell of Lacombe, with their families were present on the occasion, all but three of the twelve grandchildren being present. Many of their friends called during the day and numerous messages of congratulations were received. Dinner was served at noon, the dining room being tastefully decorated with cut flowers, and the happy couple were presented with a purse of gold.

Mr. and Mrs. Joslin are old-timers in the city, having come here from Woodstock, Ontario, in 1902. Mrs. Joslin was born at Kingston, Ont., and Mr. Joslin on Wolfe Island, one of the Thousand Islands.

A WRAP OF DISTINCTION

Corinne Griffith Combines Chinchilla and Ermine for the Smart Theatre Wrap

Furs, when beautifully combined afford the most beautiful and luxurious of evening wraps. Particularly effective are these combinations when white ermine is the foundation.

Corinne Griffith has chosen a wrap of real charm and distinction to wear in several of her scenes in her newest First National film, "Declasse." It combines white ermine and chinchilla with remarkable results.

The pastel shades which are so much the vogue now along the Riviera and Palm Beach this season have become the spring's favorites for the formal gowns for the theatre and dance. These delicate colors are most effective when worn beneath a wrap of white ermine, ermine and chinchilla. But the charm of this type of covering is that vivid tones are usually well chosen to wear beneath it.

The lining of the fur wrap, of course, is important, and Paris has seen to it that the wraps of true distinction have lined in the same luxurious of silks, plain and embroidered.

The Cough or Cold That Settles on the Lungs Is Hard to Get Rid of

These are the kind that are dangerous; the kind that weaken the lungs, the kind that allow the germs of consumption to get a foothold in the system.

Mr. John E. Luloff, Golden Lake, Ont., writes: "Last year I had a cold and a cough which seemed to stick on my chest. I tried different preparations, but they did not seem to help me any. I was advised, by a friend, to try

LETTER FROM LESLIE PRESCOTT TO RUTH BURKE.
CONTINUED.

Do you know, Ruth dear, I am not sure that Alice Hartley has not right about this very important phase of life, the marriage as a business. She knows that she can be a success at that, she can not make a success of anything. She respects Porter Hreed principally because she knows that he can give her what is indispensable to her happiness, all that money can buy. He has recently had another fortune left him. She is determined, as she says, to be successful in woman's inevitable business.

As a rich man's wife she will be successful. As a poor man's wife she would be a total failure. Perhaps is the reason why she has turned her attention to getting so much money as a partner. Personally, I can see nothing wrong in this, for if she is married to Porter she will have no interest in any other business she would look out for one who was able to invest it in the money needed to carry it on.

With the frankness of a modern girl she discusses the whole matter with a lack of hypocrisy that is quite refreshing.

I am glad and I knew that you will also be glad to help her in any way to attain her ambition.

I have come to the conclusion, Ruth, that it is not always the poor girl who needs help the most. Sometimes the person of the rich who moves among the rich, whose friends have plenty of money, who appears to all the world as a rich girl are much harder to solve.

Alice told me she expected to be married in a short three weeks, and then she added with a grin at the end of the whole affair, "but I doesn't know it yet but I'm almost certain that the ceremony will take place on the morning of Wednesday.

You see, Ruth, that Alice Hartley, although she does not know it, is a disciple of George Bernard Shaw, who is the one man who has the courage to tell the truth, even though that every woman knows it she will only talk honestly about it.

Every woman knows that in order for a man to be happy with her she has to pretend that he is not the pursuer. She knows long before the man in the case does that she is going to propose marriage to her. Also she is quite able to ward off any proposal that she does not care to accept. Therefore, you had better prepare to dance down by the Country Club on Wednesday for I shall be disconsolate if you are not present.

I shall gladly go and I wish them all joy, and I haven't the slightest doubt in the world that they will both be as happy as the average married couple.

I believe that all people would be much happier if there was not so much stress put upon passionate love as a necessity to a happy marriage. Respect, mutual interests, similar tastes, sympathy and understanding, and last but not least, financial stability, are much more important.

Mite Box Opening

A delightful program marked the annual mite box opening of Carrying On Mission Circle of Metropolitan church held last night at the home of Mrs. Fred Richards, 89th Ave., and while not all of the mite boxes were turned in, a satisfactory sum was realized and the balance of which will be secured toward the end of the week.

Five-year-old Pauline Kitchen, dressed as a violet, charmed the large gathering with her recitation, "Violet Dear," and Miss Ada Lavis Jerie Dean and Miss Muriel Peck gave readings, also Mrs. W. Kitchen, who rendered a solo entitled "A Romance of a Rose," and which was most heartily encored.

Mrs. W. W. McBain gave a thought provoking address on "Life Service" during the opening by prayer by the Women's Missionary Society through its Mission Circles. Mr. Wallace Ralph, of Grace church, gave entertaining violin solos accompanied on the piano by Miss Kilburn. These were "Mazurka," sing "Allegro Brillante." Miss Barlow rendered a reading in Irish dialect, gave piano solos, and Miss Rose Hodgson was a pleasing vocalist in "A Little Bit of Love."

At the close of the program the hostess served a tempting repast assisted by the Mission Circle girls.

Mr. and Mrs. J. A. Joslin, 85th Avenue, returned on Saturday from a visit to Vancouver.

Golden Rule is Only Salve for Humanity's Ills Says Lady Aberdeen.

NEW YORK, April 20—(Canadian Press)—The Marchioness of Aberdeen, president of the International Council of Women, who, with the Marquis of Aberdeen, formerly Canadian governor-general and until 1916 governor-general of Ireland, arrived here today on the Doric, declared more can be done for peace through drawing women together in observance of the golden rule than can be accomplished by arbitration at treaty conferences.

Lord and Lady Aberdeen will represent the British Town Planning Institute and the Civic Institute of Ireland at the International City and Town Planning Congress which sessions here this week. On Saturday they will go to Canada where Lady Aberdeen will attend assemblies of National Women's councils at Ottawa, Montreal and Quebec. They are then scheduled to return to Washington where the International Council of Women convenes on May 5 and over which Lady Aberdeen presides.

Speaking of the women's problems of today, Lady Aberdeen contended that women should be paid a living salary to that paid men for identical work. She believed the organization of which she is president is going a long way bringing this about. Instead of the program of women looking forward peace being involved and complex, she explained that it might be made simple and effective by drawing every wife, mother and sister into adopting the "golden rule for their motto of life."

"It is the only salve for the ills of humanity," she said. She expressed the opinion that the modern woman was not different from her sex of other ages. She thought that the greater responsibilities which her sex carry at present day life might tend to make them more independent, but no less womanly.

SETTLE FATE OF FAR-OFF ISLAND

Two Officials Meet to Reach Understanding on Matter —Agreement Approved.

MANILA, April 20.—Governor General Leonard Wood has made a decision which is expected to end the dispute between the United States and the Netherlands governments over the ownership of Palmas Island, one of the Philippine group lying about midway between the province in the Celebes Sea. General Wood and Governor General Dr. Woodi and Governor General Dr. Van Limburg Stirum, of the Indies, were authorized by their respective governments to reach an understanding in the matter several months ago. Following a series of visits between the two an agreement was reached, General Wood announced, when he was in the war department at Washington, D.C., Tuesday of last week. The nature he could not discuss it.

Although Los Palmas is 40 miles within the southern limits of the Philippine group as declared by the treaty of Paris in 1898, the Netherlands flag has continued to fly over the island since the Dutch government of Java has continued to administer the affairs of the small community.

The custom authorities are anxious for a definite settlement to obtain control of the island in order to stop opium smuggling into the Philippines through that point. Los Palmas is only one of several islands in the Indies, which are serving as hiding places for smugglers, it is officially declared. A number of small islands near the coast of British North Borneo are also being used by the smugglers who, in their fast launches, dash out to meet the dhow from Sandakan, British North Borneo, by easy stages to Jolo and Zamboanga, at which points they dispose of their goods.

F. DICKSEL BECOMES HEAD OF ACADEMY

LONDON, April 20—With traditional 156-year-old ceremony, Frank Dicksee has been elected president of the Royal Academy, the eleventh holder of the office first held by Sir Joshua Reynolds in 1768.

The retiring president, Sir Aston Webb, having reached the age limit of 70 years, has resigned the studio, then retired to the assembly room and dining room where the 40 members of the Royal Academicians voted for the new president.

Frank Dicksee is a relative of Thomas Francis Dicksee, who illustrated Shakespeare and Sir Walter Scott. He was born in London 71 years ago. He made A. R. A. in 1891 and R. A. in 1891. Among his well-known paintings are "Funeral of a Viking," "The Redemption of Tannhauser," "Romeo and Juliet," "The Harper and His Bride" and "La Belle Dame Sans Merci."

OLD LINEAGE SAVES DOOMED HORSE'S LIFE

MANHATTAN, Kan., April 20—Riley county (Kansas) is boasting of a horse that is eligible to membership in the Sons of the American Revolution.

The animal's proud lineage recently saved its life in the veterinary hospital of the Kansas State agricultural college, where the horse was brought to the hospital with an incurable foot disease, and veterinarians were debating killing it. The farmer, however, objected strenuously to such action with his steed. He said that his own grandfather, a major in the War of the Revolution had ridden on the back of the horse, and that his line had remained in his family ever since.

The horse has gone into honorable retirement in the hospital here.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe, and sure way that never fails to get rid of blackheads: that is to dissolve them. To do this, get two ounces of peroxide cream from any drug store—some is sold in a tube, briskly rub over the blackheads and let dry—then the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply disolve and disappear. Blackheads are a mixture of dust and dirt and accretions that cling to the pores of the skin. The peroxide powder and the moisture dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

FACTS ABOUT TEA SERIES—No. 4

The Two Types of Tea

There are two distinct types of tea, namely Black Tea and Green Tea. Both are made from the same bush and both are equally pure. The difference is in the process of manufacture which gives each a different flavour. Black Tea after it is plucked is withered and partially 'fired' or dried, then allowed to oxidize by being exposed to the air. This gives Black Tea its dark reddish colour when drawn. Green tea is immediately steamed after plucking, which prevents oxidization. There are delicious blends of "SALADA" in both of these types and also a unique blend of Black and Green Tea Mixed. All are sold in four qualities.

LITTLE JACK RABBIT

By DAVID CORY

"Cock-a-doodle do!" crowed the Old Red Rooster as he strutted up the winding path through the bushes to Lady Love's little house in the Cozy Dreary Farm. Pa Farm had come over to help the dear little lady rabbit clean house. Yes, Uncle Lucky, the kind old gentleman bunny uncle, had sent him over to beat the carpets and help cover the rose bushes.

"Quite late, early," laughed Lady Love, opening the kitchen door, "perhaps you can finish before nightfall."

"I'll do my best," answered the old fowl, and carefully wiping his feet on the doormat, he stepped into the neat little kitchen.

Then picking up the rugs, he carefully flung out to the yard and hung them over the clothesline. "Hey, little rabbit," he shouted, as the bunny boy hopped up on the back porch with an armful of kindling wood, "where's the broom?"

"Behind the kitchen door. I'll bring it out to you," answered the chirpy little rabbit.

Goodness me, it was lucky for the Old Red Rooster that the white bunny hopped out with the broom in less than a minute, for no sooner had the old fowl commenced to beat the rugs than who should look over the fence but Crafty Fox.

"Ha, ha," softly laughed that old robber to himself, "this time I'll get that fowl for my dinner." Then he was over the fence. Then pounding softly on the kitchen door crept on his tippy toes toward the yard. Two hares was tossed in the bushy boat the rugs from the old clothes line.

Just then the white bunny rabbit stood at the kitchen door, shouting to the little white rabbit: "Hurry, hurry, and get ready to leave with us when the Old Red Rooster is finished beating the rugs."

"I'll get you yet," snarled wicked Crafty Fox, and with a mighty bound he pulled down the rug on which the Red Rooster stood. But that wise old fowl knew a thing or two, and maybe three or four, and with a cackle of fear flapped his wings, clutching tightly to the little white rabbit's hand and in the next story we shall hear what happened after that.

MAN KNOCKED DOWN BY A MOTOR TRUCK

James Atkinson, of Oliver, was knocked down by a motor truck when he stepped out from between the autos parked before the McLeod Building last night, but he escaped to be uninjured, and would not accompany A. J. Mann, 10220 142nd street, driver of the truck, to the police station.

Mr. Atkinson is said to have stepped right in front of the truck, which, owing to the slippery condition of the pavement was unable to pull up in time to avoid striking him.

PANTAGES PROGRAM CONTAINS FINE ACTS

An orchestra that ranks right along with the famous bands of Ted Lewis, Vincent Lopez and Paul Whiteman is that of Sid Hall and these talented musicians headline the Pantages bill opening next Thursday afternoon and continuing until Saturday night, with a ladies' guest matinee on Friday afternoon. Mr. Pantages was fortunate in securing Sid Hall and his orchestra for vaudeville engagements as they are kept very busy in the east with their gramaphone engagements. They will give a wonderful program of melody and syncopated jazz and in addition Mr. Hall will demonstrate how other famous leaders get the astonishing effects out of their bands.

Thursday's program has two added attractions, both of them excellent. Bebe Moffic and Company will present "Terpsichorean Art" with Music, a most artistic production in which high-class dancing is interspersed with piano and violin selections. This is one of the outstanding bits of the present season. Julian Hall and Kathleen Dexter, both well-known favorites, will be seen in their latest comedy success called "Just Rot." Lively stepping, a song or two, music and patter are included in this bright little eleven minutes.

It has often been asked if animals really do reason. Doubting Thomases may be convinced that some animals do reason after seeing the polo pony that Bob Anderson is introducing this week. The pony holds difficult sums on a blackboard, tells the time, and does other feats that easily challenge powers of Melva Talma, the Sunshine Girl. A little lady with lots of personality will offer a "Cycle of Song" in which comedy and syncopated songs predominate.

Reserved seats for the night shows are now available at the box office.

UNUSUAL DIRECTION IN CODE OF THE WEST

Directing with a siren instead of a megaphone was the novel idea introduced by William K. Howard, who directed "Code of the West," the Paramount picture which receives its first presentation today at the Empress Theatre.

During the making of this photoplay in the forest fire was being photographed. Howard found it impossible to rave his voice above the roar of the flames and the crash of falling trees, so he secured the most obstreperous siren in Los Angeles with which to signal orders.

The featured players in this picture include Owen Moore, Constance Bennett, Mabel Ballin, Charles Ogle and David Butler.

GREAT LAKES CARGO REACHES WINNIPEG

WINNIPEG, Man., April 20.—The first train of rail and lake freight from Eastern Canada arrived in Winnipeg Sunday since Canadian Pacific lines. The cargo was delivered at Fort William Saturday by the S.S. Athabasca, the first of the Canadian Pacific fleet to reach that port. The freight left Port McNicoll at 7:30 o'clock on the evening of April 16, and arrived at Fort William at about 2 o'clock on the afternoon of the eighteenth. This marks an early opening of navigation for the present year, which is from one week to ten days earlier than rail freight officials declared today.

DEFICIT IS REDUCED

MONTREAL, April 20.—The annual report of Atlantic Sugar Refineries, Limited, for the year ended December 31, 1924, shows earnings for the year of 3 per cent on the common stock, as compared with 10.4 per cent in the preceding year and 1.05 per cent in 1923.

The statement shows that net profits amounted to $464,102. This compared with $1,130,139 in the previous year. The deficit was reduced from $4,436,343 to $4,259,150.

GOOD SERVICE IS PROMISED

Turbine Locomotives Consume Less Coal in Tests in Sweden.

STOCKHOLM, April 15.— The neck-and-neck race between steam and electricity as a motive power for railway trains has grown considerably hotter as the result of recent extensive tests in Sweden. These show that the Swedish turbine locomotive consumes 45 to 50 per cent less coal than a modern locomotive with reciprocating engines, while requiring only one-twentieth as much water, can make a run of 600 miles without a stop, and can maintain the same regular schedule which at present requires three locomotives of the ordinary type.

Runs totalling more than 10,000 miles in regular passenger and freight service have been made between Stockholm and Gothenburg. No stops to take on water have been necessary, and the consumption of coal has been only about half as much as that of the ordinary engine. The turbine locomotive, which is the invention of the Swedish engineer, P. Ljungstrom, is a radical departure from the reciprocating engine. Instead of the familiar piston and cylinder mechanism, together with the crank drive wheels with their counterweights, Ljungstrom uses turbine wheels which are rotated by a current of steam playing over the blades. The turbine shafts being connected by gears to the shafts of the drive wheels.

Among the advantages of the turbine, as summarized by the inventor, are the saving in fire and water, smaller engine crews, higher efficiency of the boiler owing to pre-heating of the combustion air, absence of fire risk, because sparks from the furnace are extinguished in the pre-heater, more efficient starting power, smoother running and less wear on rails and complete smoke vacuum required in the roundhouses, and more comfort for the passengers due to the absence of steam clouds.

DIES FROM INJURIES

TORONTO, April 20.—Eleven-year-old Henry Wiggins, died Sunday in a hospital from injuries received Friday when struck by a truck.

Gilbert Hunter, 40, was found dead in his room, death is said to have been due to alcoholic poisoning.

Alex. Oswald, 67, was found dead in his room from natural causes.

HEAVY DAMAGE DONE

HAMILTON, Ont., April 20.—Heavy damage was done when high seas along the bay front yesterday tore 300 feet of metal facing from the concrete retaining walls. Waves thirty feet high lashed the wall during the day, undermining it at many points. Heavy slabs of concrete were torn away and hurled back along the shore.

TARIFF EXTENDED

OTTAWA, April 20.—Canada's intermediate customs tariff has been extended by order-in-council to the products of Spain. Spain, in return, grants to Canada her second column or lower tariff. The order-in-council was passed as a result of the trade agreement recently reached between Canada and Spain.
